Ruby on Rails Developer

Yurii Makarenko

I have experience in Ruby and Ruby on Rails programming, using Git, Docker Compose, Heroku, PostgreSQL. I know the HTML, CSS, Bootstrap, JavaScript basics, deployment in Linux environment.

Personal qualities

- Conscientious in work, proactive.
- Communication skills to effectively collaborate with team members. Wherever the team needs help, I'm excited to investigate issues and make debugging together.
- Constantly engaged in self-improvement, open for further training. Adapt to new technologies, frameworks, and methodologies as they evolve.
- Able to manage time effectively to meet deadlines and to work productively, focusing on the ultimate goals.

Work Experience

Syndicode | *Backend Developer*

December 2021 - Present | *Ukraine, remote*

Responsibilities:

- Collaborated with front-end to deliver new features to customers, optimization and improvement of the project.
- Maintained a healthy back-end service and resolved live issues, fixed bugs as they arose.
- Designed and implemented unit testable code for the service.
